# SURAVA VA2100 BOX / ZIP

The harmonious union of form and function.

# SURAVA VA2100 BOX / ZIP

Uniform and modern design – regardless of a selected guide type.

SURAVA represents a modern vertical shading system, which blend harmoniously into the surrounding architecture and ensure an aesthetically and technically optimal solution.

The design simplifies the selection process, regardless of the selected guide type. Whether you choose a wind-resistant ZIP or an elegant rope guide for balconies and canopies. The side panel without visible fasteners creates an elegant look. The variable color scheme lets you ensure visual harmony or create exciting highlights.
