PERGOLINO

The versatile and sleek terrace shading solution for lovers of the outdoors. Come rain or shine.

PERGOLINO P3600

Variable bracket positioning

Automatic fabric lock (Stoblock)

- Very sleek construction
- High installation flexibility due to sliding brackets and guide rails
- Integrated water channel for lateral rainwater drainage
- High fabric tension due to automatic fabric locking (Stoblock)
- Can be used in the rain with appropriate inclination and a tensioned, water-repellent fabric.
- Various floor mountings of the supports (flower trough, ground sleeves, footplate)
- Large shading area possible – up to 6 m overhang

Options:

- Integrated water channel for lateral rainwater drainage
- Dimmable LED lighting (Tunable White) integrated in the guides or in the guide tube.
