

Benefit twice! STOBAG will give you 2 fabric upgrades when you buy a TENDABOX.

You will receive an upgrade for both the **awning fabric** and the **drop-down valance fabric**. You can also benefit from our particularly short delivery times and enjoy your new dream awning this summer!

Choose your upgrade from the following fabrics for awnings:

SOLTIS LOUNGE 96

More light and air circulation thanks to micro-perforated material, with a 97% UV block at the same time. The glare-free view to the outside enhances the feeling of freedom. High UV color fastness gives the fabric a long-lasting look.

[page 48 - 49](#)

OEKO-WEAVE

With over 30% RE-USE fibers, the OEKO WEAVE fabric gives a second chance and is certified to Class 2 of the OEKO-TEX Standard 100 for effective sustainability.

[page 54 - 55](#)

SHADOW

Reduces solar radiation and provides cooling shade for both outdoor and indoor areas.

TRANSPARENCY

Special fabrics allow outward visibility and provide glare protection.

FIRE RESISTANCE

Flame retardant and is particularly suitable for buildings with special fire protection requirements.

Overview of fabric upgrade catalogue

Choose your upgrade from the following fabrics for lowerable volant:

SOLTIS HORIZON 86

Excellent outward visibility thanks to maximum transparency. With an opening factor of 14%, the fabric lets in natural light while blocking up to 93% of the heat.

[page 33 - 34](#)

SOLTIS HARMONY 88

The fabric transparency allows a view to the outside. With an opening factor of 8% the fabric offers the ideal compromise between sun protection and visual comfort.

[page 35 - 36](#)

SOLTIS PERFORM 92

Due to the low opening factor of the fabric, little light and hardly any heat enters the room. Blocks up to 97% of the heat and offers the best sun and glare protection.

[page 37 - 39](#)

SCREENS 5 %

Stability and fabric strength thanks to coated glass fiber yarns. Attractive woven texture and two-tone look accompany the fabric. The opening factor of 5% ensures transparency.
